**RE:** Notification of approval for registration under 42 CFR Part 73

Your registration certificate is attached with this memorandum. The entity registration is valid only for the select agents and toxins listed, the specified activities at the locations described in your application, and for the conditions that were approved under 42 CFR Part 73, 7 CFR 331, or 9 CFR Part 121, to possess, use, or transfer select agents or toxins. The registration certificate does not confer approval for pending amendment requests or supercede any correspondence that may be related to compliance or other pending issues at your entity. Your registration number should be referenced on all correspondence and select agent forms submitted to this program.

A list of all personnel at your entity that you have identified as requiring a security risk assessment approval and the current status of their security risk assessment is provided in an attachment to this letter. The list also includes each individual's unique DOJ identifying number that should be used with any further communications regarding the specific individuals. Individuals not appearing on the enclosed list as SRA approved or not appearing on the list must be denied access to select agents or toxins by the Responsible Official or Alternate Responsible Official(s).

Please contact your designated CDC representative if you have questions. If you are unsure who your designated CDC representative is, then please call 404-718-2000.
